

MASSACHUSETTS • FREE COMPLIANCE AUDIT

The 6-question Massachusetts TRT compliance test.

Is your online TRT clinic legally permitted to treat Massachusetts residents? Six questions from MA law, DEA rules, and the MassPAT reporting requirement. Print this page, ask your clinic, tick the boxes.

1

MA physician license☐ Yes ☐ No ☐ ?

Is the prescribing physician actively licensed by the Massachusetts Board of Registration in Medicine? Ask the clinic for the physician name and license number. Verify at [mass.gov](https://www.mass.gov/boards-of-registration-in-medicine) Board of Registration in Medicine.

[M.G.L. c. 112 §§ 2-9](#)

2

Massachusetts Controlled Substance Registration (MCSR)☐ Yes ☐ No ☐ ?

Does the physician hold an active MCSR from the MA Department of Public Health? MA license alone is not enough — testosterone is Schedule III and requires MCSR.

[247 CMR 8.00](#) • [105 CMR 700.000](#)

3

MA-licensed dispensing pharmacy☐ Yes ☐ No ☐ ?

Is the pharmacy dispensing your testosterone licensed by the MA Board of Pharmacy? Non-resident MA licensure is acceptable — no MA license is not.

[247 CMR 6.00](#)

4

DEA-compliant EPCS transmission☐ Yes ☐ No ☐ ?

Was the prescription transmitted via EPCS-certified software with two-factor authentication? Paper, fax, phone, or PDF prescriptions for controlled substances are non-compliant.

[DEA 21 CFR 1311](#)

5

Real-time video visit before prescribing☐ Yes ☐ No ☐ ?

Did a physician conduct a real-time audio-visual visit with you before prescribing? Questionnaire-only workflows do not establish the patient-prescriber relationship for Schedule III.

[Ryan Haight Act](#) • [21 USC 829\(e\)](#)

6

MassPAT logging☐ Yes ☐ No ☐ ?

Is the prescription reported to the Massachusetts Prescription Awareness Tool (MassPAT) within 24 hours of dispensing? MA law requires MassPAT reporting for every controlled-substance dispensing.

[105 CMR 700.012](#)

HOW TO READ YOUR RESULTS**5-6 Yes answers**

The clinic likely meets MA operational requirements. Keep this audit on file.

3-4 Yes answers

One or more gaps to close. Ask the clinic to answer the outstanding questions in writing.

0-2 Yes answers

Serious compliance concerns. Consider transferring your prescription to a clinic that can answer all six.
